AMENDMENTS

IN THE SPECIFICATION

Please DELETE the title of the invention that appears on the cover page, on page 1, line 3, and on page 16, line 1 and REPLACE the deleted title at each point of deletion with the replacement title helpfully suggested by the Examiner, as follows:

**Portable Device Comprising Keypad and Screen**

IN THE CLAIMS

Please amend claim 21 as indicated below, without prejudice to subsequent renewal.

**21 (Amended).** A method of using a portable electronic device, the method comprising:

holding the device in at least one hand of a user, wherein the device comprises:

a housing comprising a front surface and a back surface, the front surface comprising an upper region and a lower region;

an input keypad in or proximal to the upper region; the input keypad comprising input keys for inputting each number in a ten digit system; and

a display screen in or proximal to the lower region, the display screen providing an output for at least one or more numbers inputted from the input keypad or for stored or received data; and,

positioning the device proximal to a head of the user, wherein the user engages the device by viewing the display screen, operating the input keypad with at least one finger on the at least one hand, listening to sounds produced by at least one speaker disposed in the device, speaking into at least one microphone disposed in the device, or by performing a simultaneous or non-simultaneous combination thereof.

NO NEW MATTER

The above amendments to the specification and claims are fully supported by the specification as filed and introduce no new matter. In particular, the non-narrowing amendments
